# Why are we building a new Library?

We need more space to support the needs of our growing community.

- A meeting place
- A learning hub for our children to grow and learn
- A space for all abilities and ages
- A space for our town to come together

Build it and you will come.

**A BIGGER  
A BETTER  
A BRIGHTER**

## Location, features and benefits

The new Yarrowonga Library will be located at the Town Hall site. The location is ideally located within the town CBD. The new library will provide a state of the art, interactive community space that is inclusive and accessible for all.

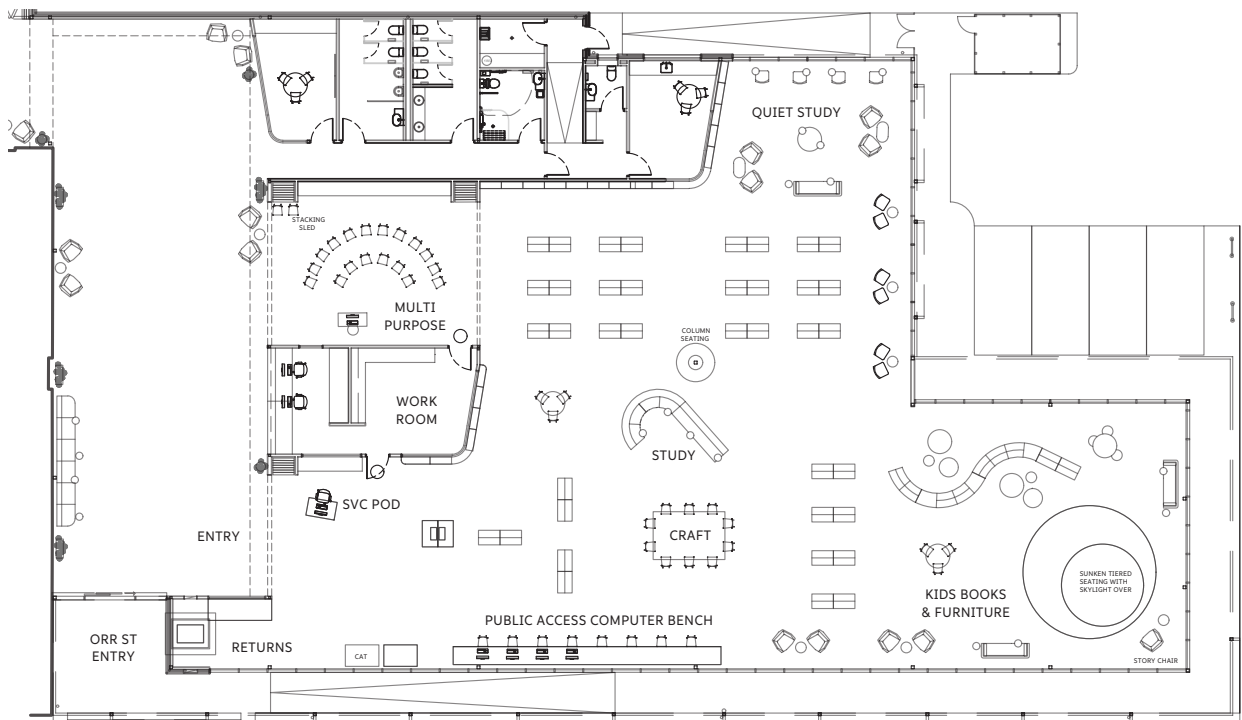

Opportunities for learning, training, education, leisure, business and social activities will be greatly enhanced with an innovative, flexible floor plan.

This will significantly increase the Library's capacity to deliver a variety of programs and activities:

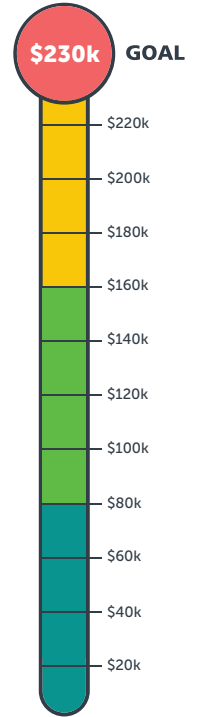

- Arts and culture
- Community partnerships
- Literacy and learning
- Creative communities
- Health and wellbeing
- Multicultural programs
- Early childhood
- Youth activities
- Community meeting spaces

## Why a community contribution?

GV Libraries and Yarrowonga Fundraising Committee want to contribute for the project to demonstrate our local community commitment. To support the library to be equipped with modern furniture and state of the art fit out for the needs of all our community. We need your support.
